ECONOMIC

ECONomic loudspeakers: excellent audio performance at an unbeatable price/performance ratio.

ABI-LSECO4SRO

In-wall/ceiling round wetroom speaker - 4" Broadband

The ECONomic 4 RO is a compact round 9 Watt RMS ceiling or panel loudspeaker with excellent audio performance at an unbeatable price/performance ratio.

The clear sound image makes it ideal for areas with lots of background noise. The loudspeaker is IPx4 water protected from the front, ideal for humid environments like kitchen, bathroom, atrium and swimming pool.

It is easy to install with its integral mounting clips and is finished in an attractive off-white colour. The discrete styling of this loudspeaker complements today's interior lighting.

- Maximum power: 9 Watt RMS
- Efficiency (at 1W, 1 kHz, 1 m): 88 dB
- Frequency range: 90 Hz to 18 kHz
- Rated impedance: 4 Ohm
- Woofer: 4" impregnated paper cone
- Spring-loaded terminals
- Metal grill
- Colour off-white (RAL 9010)
- Dimensions (mm): Ø 160 - Weight: 670g
- Mounting cutout (mm): Ø 145
- Mounting depth (mm): 60
- Self-adjusting mounting clips
- Relative humidity: <95%

EVOLUTION

EVOLution loudspeakers: balanced response and melodious harmony at the best price/quality ratio.

ABI-LSEVO5SRO

In-Wall/In-Ceiling round speaker - 5,25" PP Woofer - 0,5" Mylar Dome Tweeter

The EVOLution 5 RO are premium two-way systems with rigid PolyPropylene cone woofers and high-power 0,5" Mylar dome tweeters. These speakers surprise by the powerful precise bass and silky smooth midrange and highs. These nice all-rounders will never tire either as background music or as surround sound speakers.

Typical applications are lounge, dining room, kitchen, bedroom. The round design makes a nice fit with circular light fixtures, the frame and grill can be painted to match the ceiling or walls or to provide a challenging spot of colour.

The units are easy to mount by the self-pivoting clamp dogs.

Connection to the speaker cables is done through spring-loaded terminals.

- Maximum power: 35 W RMS
- Efficiency: (at 1W, 1 kHz, 1 m): 90dB
- Nominal impedance 8 Ohm
- Frequency range: 65 Hz to 20 kHz
- Woofer: 5,25" PolyPropylene (PP) cone, Rubber edge
- Tweeter: 0,5" Mylar dome
- Filter 6dB/Oct
- Spring-loaded terminals
- Metal grill
- Colour: white - Paintable
- Dimensions (mm): Ø 204 - Weight: 1270g
- Mounting cutout (mm): Ø 175
- Depth (mm): 75
- Fast-mounting self-pivoting clamp dogs

ABI-LSEVO5SSQ**In-Wall/In-Ceiling square speaker - 5,25" PP Woofer - 0,5" Mylar Dome Tweeter**

The EVOLution 5 SQ are premium two-way systems with rigid PolyPropylene cone woofers and high-power 0,5" Mylar dome tweeters. These speakers surprise by the powerful precise bass and silky smooth midrange and highs. These nice all-rounders will never tire either as background music or as surround sound speakers. Typical applications are lounge, dining room, kitchen, bedroom. The stylish square design makes a nice fit with modern light fixtures and straight-lined sober interiors, the frame and grill can be painted to match the walls or to provide a challenging spot of colour.

The units are easy to mount by the self-pivoting clamp dogs.

Connection to the speaker cables is done by spring loaded terminals.

- Maximum power: 35 W RMS
- Efficiency: (at 1W, 1 kHz, 1 m): 90dB
- Nominal impedance 8 Ohm
- Frequency range: 65 Hz to 20 kHz
- Woofer: 5,25" PolyPropylene (PP) cone, Rubber edge
- Tweeter: 0,5" Mylar dome - Orientable
- Filter 6dB/Oct
- Spring-loaded terminals
- Metal grill
- Colour: white - Paintable
- Dimensions (mm): □ 180x180 - Weight: 1270g
- Mounting cutout (mm): □ 145x145
- Depth (mm): 75
- Fast-mounting self-pivoting clamp dogs

ABI-LSEVO4SOD**Cabinet speaker - Weatherproof - 2-way**

The EVOLution 4 OD are premium sound cabinet loudspeakers, two-way systems with woofer and tweeter, intended for clear reproduction of speech or foreground and background music to be used for indoor and outdoor applications.

The loudspeakers are available in black (default choice) or white (special request) and have selectable 8 Ohm, 70 V and 100 V inputs.

Typical applications are waiting room, hall, study, patio, winter garden, home office, fitness centre, showroom, etc.

The cabinets can be mounted horizontally to allow the loudspeaker to be directed up or down, or vertically to allow left and right rotation by means of a steel U-shaped wall bracket (standard supplied).

- Maximum power: 15 W RMS
- Efficiency: (at 1W, 1 kHz, 1 m): 86dB
- Nominal impedance 8 Ohm
- Frequency range: 95 Hz to 20 kHz
- Woofer: 4" cone
- Tweeter: 0,5" dome
- Gold-plated screw terminals
- Metal grill
- Colour: black
- Dimensions (mm): □ 136x205x117 - Weight: 1900g
- Mounted horizontally or vertically with supplied bracket
- Relative humidity: <95%

EMOTION

EMOtion loudspeakers: power and accuracy at an incredible price, but no compromise to quality.

ABI-LSEMO6SRO**In-Wall/In-Ceiling round speaker - 6,5" Alu Woofer - 0,75" Alu Dome Tweeter**

The EMOtion 6 RO are premium two-way systems with very rigid 6,5" aluminium cone woofers and high-power 0,75" ferrofluid cooled aluminium dome tweeters. These speakers combine precise dry bass with incredible openness in the midrange and crystal-clear highs. They excel by bringing every musical detail to life and by the precise spatial positioning in both low and high volume situations. Power and accuracy at an incredible price, but no compromise to quality.

Typical applications are home theatre, lounge, dining room, large kitchen, master bedroom. The round design makes a nice fit with circular light fixtures, the frame and grill can be painted to match the ceiling or walls or to provide a challenging spot of colour.

The units are easy to mount by the self-pivoting clamp dogs.

Connection to the speaker cables is done by spring-loaded gold-plated terminals.

- Maximum power: 45 W RMS
- Efficiency: (at 1W, 1 kHz, 1 m): 88dB
- Nominal impedance 8 Ohm
- Frequency range: 60 Hz to 20 kHz
- Woofer: 6,50" Aluminium cone, Rubber edge
- Tweeter: 0,75" Aluminium dome - Orientable
- Filter 12dB/Oct
- Spring-loaded gold-plated terminals
- Metal grill
- Colour: white - Paintable
- Dimensions (mm): Ø 240 - Weight: 1700g
- Mounting cutout (mm): Ø 208
- Depth (mm): 75
- Fast-mounting self-pivoting clamp dogs

ABI-LSEMO5SSQ**In-Wall/In-Ceiling square speaker - 5,25" Alu woofer - 0,75" Alu Dome Tweeter**

The EMOtion 5 SQ are premium two-way systems with very rigid 5,25" aluminium cone woofers and high-power 0,75" ferrofluid cooled aluminium dome tweeters. These speakers combine precise dry bass with incredible openness in the midrange and crystal-clear highs. They excell by bringing every musical detail to life and by the precise spatial positioning in both low and high volume situations.
